

**Fact Sheet**  
**Hansen Medical, Inc. (NASDAQ: HNSN)**

Company Headquarters: 800 E Middlefield Rd.  
Mountain View, Calif., 94043  
650.404.5800  
[www.hansenmedical.com](http://www.hansenmedical.com)

Founded: 2002

IPO: November 2006

Business Objective: Hansen Medical, Inc. (NASDAQ: HNSN) was founded in 2002 to develop products and technology using robotics for the accurate positioning, manipulation and stable control of catheters and catheter-based technologies.

Total Number of Employees: Approximately 175

Products and Intended Use: The next generation Sensei® X Robotic Catheter System, the Artisan Extend™ Control Catheter, The Sensei® Robotic Catheter System, the Artisan™ Control Catheter, IntelliSense® Fine Force technology and the CoHesion™ 3D Visualization Module.

The Sensei X platform was cleared by the US FDA in September 2009 for manipulation and control of certain mapping catheters in electrophysiology (EP) procedures. The Sensei system was cleared by the US FDA in May 2007 for manipulation and control of certain mapping catheters in EP procedures and CE Marked in the European Union for use during EP procedures, such as guiding catheters in the treatment of atrial fibrillation, in May 2007.

Media Resources: Bruce J Barclay, president and CEO  
Peter Osborne, interim CFO

**The safety and effectiveness of the Sensei system and the Sensei X system for use with cardiac ablation catheters in the treatment of cardiac arrhythmias, including AF, have not been established.**
